

CERCIT · FOR BANKS AND NBFCS

Faster credit memos. Your policy, unchanged.

cercit drafts the credit appraisal memo for new vehicle loans. Your rules decide. Your officers sign off.

Demo available on synthetic data · September 2026

YOUR PROCESS TODAY

Officers spend the day building memos

25–40

credit appraisal memos per officer,
per day, built by hand

Re-keying

Documents and bureau data typed into the memo line by line

Uneven calls

Deviations judged differently by different officers

Audit rework

Reasons rebuilt later for audit and RBI inspection

WHAT CERCIT DOES

Every file arrives as a finished draft memo

Pre-filled memo

Applicant, income, obligations, bureau and vehicle details filled from documents and APIs

Clear recommendation

Approve, review or decline, with every reason in plain words

Officer sign-off

Your officer reviews and signs. A person stays on every decision.

HOW IT FITS YOUR PROCESS

Application to sanction in six steps

01

Application

Customer or dealer applies online

02

Documents

KYC, salary and bank papers read

03

Bureau and bank

CIBIL pull, statement analysis

04

Your policy

Your CIBIL, FOIR and LTV rules run

05

Draft memo

Memo and recommendation ready

06

Sign-off

Officer approves, letter generated

YOUR POLICY STAYS IN CHARGE

You set the rules. cercit follows them.

Rule	Demo default
CIBIL 750+	Approve at 8.99%
CIBIL 650–749	Review at 9.90%
CIBIL below 650	Decline
FOIR cap	50% of net salary
LTV cap	120% of ex-showroom

Every value is yours to change.

Versioned

Each decision records the policy version it used

Maker-checker

Rule changes need a second approver

Impact check

See which past files a change would flip, before it goes live

Built for inspection from day one

RBI digital lending

Reasons recorded for every decision, with a full audit trail

DPDP Act, 2023

Consent-based data use. PAN and mobile encrypted at rest.

Role-based access

Officers, managers and admins see only what their role allows

Explainable scores

The model shows its factors. Policy, not the model, decides.

WHAT YOU GAIN

Less typing, more judgement

TURNAROUND PER FILE

~15 → ~5 min

our estimate, to be confirmed in your pilot

FILES PER OFFICER PER DAY

25–40 → 60+

our estimate, to be confirmed in your pilot

CONSISTENCY

The same file gets the same answer, whichever officer picks it up

AUDIT READINESS

Every reason and rule version on record, ready for inspection

NEXT STEP

An 8-week pilot on your new-car files

Scope

200 salaried new-car applications at one branch

We need

Your credit policy, masked sample files and one officer's time

We measure

Turnaround, officer effort, and agreement with your decisions
